REGULATIONS

- Teachers in service and properly qualified undergraduates will be admitted to Extension courses, subject to such restrictions as are hereafter noted.
- The first semester begins Saturday, September 21st, 1940, and closes Saturday, February 1, 1941. The second semester begins Saturday, February 8th, and closes Saturday, June 7th, 1941. All classes will be held at Buffalo State Teachers College unless otherwise noted. Saturday class periods are from 9:00 to 10:40 A.M. and from 10:50 A.M. to 12:30 P.M. Friday classes are from 4:20 to 6:00 P.M.
- All students are expected to register on the dates indicated in the calendar on Page No. 6. No deviation will be permitted from the dates indicated in the calendar. When serious conflicts arise it is important that plans be made in advance with the Registrar to insure proper registration.
- A fee of \$7.50 is charged for each semester hour. Special exceptions may be made in the case of regular students and faculty. No refunds will be made unless the course is discontinued. Fees are payable at registration.
- The State Department of Education will not accept more than four hours in any given semester for credit toward a teacher's certificate or diploma.
- No student will be allowed more than two absences in a sixteen session course, or more than three absences in a twenty-four session course. (The number of sessions include registration and final examination.) *Late registration will count as an absence.*
- While credit is granted for the completion of all credit courses, the application of such credit to the specific program of any student is subject to the approval of the Registrar. Extension credit is transferable to other academic institutions, in accordance with the regulations of such institutions.
- Students are urged to examine the course descriptions carefully. Variation from the year indicated in the catalog should not exceed one year and that only with permission.
- Candidates for degrees are allowed five years in which to complete each year of credit required for the degree. Students earning less than one year of credit in any five-year period shall be subject to any new regulations which may be adopted during that period.
- If a student wishes to be considered a candidate for a degree he is expected to secure, either by mail or by personal interview, evaluation of his program from the Registrar in order that he may be sure that work taken will fit his individual need.
- Extra-mural courses will be organized in convenient centers where the demand is sufficient to justify it. Communication with the Director is urged.
- Third year Buffalo State Teachers College graduates taking extra-mural courses are warned not to expect credit toward degree if such courses fall within the last sixteen hours of required residence. Extra-mural credit does not count towards the residence requirement if the first three years' work of the candidate were taken elsewhere.

[7]

13. Transcripts of record are not given to students, either undergraduate or graduate, but will be forwarded upon request to educational authorities whom the students may designate. No charge is made for the first transcript, but a charge of \$1.00 is made for each additional transcript.
14. The Registrar's office cannot ordinarily furnish transcripts of record during registration week of any semester and, because of the large number of requests, students are urged to make application for transcripts some time before the date on which they are needed.
15. All courses in extension are expected to require the same standard of serious effort as similar courses given during the regular session. To this end, courses carrying two semester hours of credit assume a minimum preparation of two clock hours devoted to reading and preparation for each meeting of the class, and some courses may require considerably more than the minimum of preparation and outside study.
16. Classes under ten, as an absolute minimum, will not be organized except in exceptional cases of required subjects necessary for immediate graduation.
17. The right is reserved to make any necessary alterations in the course offerings listed in this catalog without notice.

APPLICATION FOR DIPLOMA

Students expecting to qualify for degrees in January or June of any year are required to make application in the Registrar's office for such degree by November 1 of the year in which they expect to graduate. Diplomas will not be ordered for students who fail to make application, and the College cannot be responsible for the graduation of any who fail to make application. Students completing the requirements for the degree during the Summer Session are required to make application for the degree before the close of the Summer Session.

THE COLLEGE "CO-OP"

The College Co-operative Bookstore is college owned and is located in the Administration building adjoining the Student Center in the basement. Books, textbooks, fiction and non-fiction, are on sale, as well as supplies such as stationery, fountain pens, art supplies, typewriters, magazines, college jewelry, banners, and candy.

Books and almost all supplies are sold at a discount, the plan being to share the discount with the students. Special orders are taken for any items not in stock and are usually available within 24 hours. Such articles as paper cutter, paper punch, stapler, darning cotton, scissors, ink-well, and pencil sharpeners, are on hand for students' use. The Lost and Found Department is also housed here for the convenience of the students.

The "Co-Op" is open daily from 8:45 A.M. to 4:30 P.M. and on Saturdays from 8:45 A.M. to 12:30 P.M.

EDUCATION

Ed. X402. Principles of Education.

An attempt is made to study critically certain conflicting principles about the educative process and if possible to formulate new principles. The course is organized in units of the problem type. Major problems to be considered are: the nature and scope of a course in principles; the nature of the child to be educated; the kind of social order in which we want the child to be educated; the meaning of education; the nature of interest; the logical versus the psychological; and the method of reflective thinking in its educational bearings. The philosophies of men like Plato, Rousseau, James, Dewey, Kilpatrick, and Bode are considered in the light of their contributions to the major problems of this course. Required of fourth year general college students.

First semester, Saturdays, 10:50 A.M.-12:30 P.M. Room 221. Two semester hours credit. Dr. Sloan.

Ed. X410. Mental Social and Vocational Adjustments A and B.

This course is offered to teachers and administrators who recognize the fact, and wish to cope with it, that many pupils in whom they are interested are maladjusted, mentally, socially, and vocationally. Stress is placed upon the physical, mental, and social causes of maladjustment, and their effects upon the social and vocational adjustments of those who are so affected. Practical as well as theoretical solutions of personality problems are emphasized. This is a four credit course, two credits of which are offered each

semester. Teachers and administrators may enrol for the second semester's work without having had the work offered during the first semester.

(A)—First semester, Saturdays, 10:50 A.M.-12:30 P.M. Room 218
Two semester hours credit. Dr. Crayton.

(B)—Second semester, Saturdays, 10:50 A.M.-12:30 P.M. Room 218
Two semester hours credit. Dr. Crayton.

***Ed. X432. Study of Occupations.**

This course affords an opportunity to discuss many vocations and to answer questions which are common to many. It will discuss subject matter for life-career classes, various methods of presenting the subject matter, and the nine heads under which the United States Census Bureau has tabulated the world's work. A method of making an analysis and the preparation for a vocation will be given. Real case problems will be used throughout the entire course. Third or fourth year elective.

Second semester, Saturdays, 10:50 A.M.-12:30 P.M. Room V-108.
Two semester hours credit. Mr. Quackenbush.

*Either this course or the course in Industrial Psychology will be offered according to the greater number of registrants.

***Ed. X V-101. Industrial Psychology.**

This course is planned to meet the needs of Industrial Arts and Vocational teachers. SCIENCE

Sc. X201. Physical Science I.

A survey of the physical science presenting a study of the planets, the sun, the stars and other astronomical bodies; the theories as to the origin

of the earth and planets; the essential laws and instruments of astronomy. Fundamental laws, theories and phenomena of inorganic chemistry are presented to develop an appreciation as to the chemical nature of matter.

(This is the first half of the required sophomore physical Science course, but may be elected by other students who have not had its equivalent. The course will aid the teacher with the new Grade Science syllabus. Either half or both may be elected).

First semester, Saturdays, 10:50 A.M.-12:30 P.M. Room V-206. Two semester hours credit. Mr. Vail.

Sc. X202. Physical Science II.

A survey of the physical sciences, presenting a study of magnetism; electricity, its production, transportation, distribution and appliances for its use; the nature of heat, its transference and devices in connection with the use of heat. The important factors responsible for past and present development of the earth's surface; erosion and aggradation; including general types of rocks and some geological materials.

(This is the second half of the required sophomore Physical Science course, but may be selected by other students who have not had its equivalent. Either half or both may be elected. The course will aid the teacher with the new Grade Science Syllabus.)

Second semester, Saturdays, 10:50 A.M.-12:30 P.M. Room V-206. Two semester hours credit. Mr. Vail.

Sc. X302. Biology

An approach to biology from a study of the mutual relations between organisms and their environment. Special application to the conservation of organic resources will be featured throughout the semester.

Second semester, Saturdays, 9:00-10:40 A.M. Room 218. Two semester hours credit. Mr. Fretz.

Sc. X310. Genetics.

A study of the laws and principles of heredity as supported by authentic research. Individual studies of the inheritance of various traits of plants and animals, including man are made and results pooled.

First semester, Saturdays, 9:00-10:40 A.M. Room 218. Two semester hours credit. Mr. Fretz.

Sci. X416. Historical Geology.

This course deals with the principles of interpretation of geological happenings rather than cataloging facts about the history of the earth. Details are grouped about a few great principles and conceptions. A general knowledge of the structure and relationships of the major types of life is attempted as a basis for an appreciation of life history. Wherever possible, geologic history is illustrated by local physical features, fossils and rocks.

Second semester, Saturdays, 10:50 A.M.-12:30 P.M. Room V-208. Two semester hours credit. Dr. Gemmill.

OFF-CAMPUS EXTENSION CLASSES

During the school year 1939-1940, eight extension courses were conducted in off-campus centers: two in Jamestown; one in Albion; and, with the cooperation of the Normal Schools, three in Fredonia and two in Geneseo. Tentative plans for 1940-1941 already include the possibility that classes will be organized in Jamestown and in Geneseo during September, 1940.

Students interested in extension classes at Fredonia should write at once either to the Normal School in Fredonia, or to Director of Extension, Buffalo State Teachers College. Students in any other locality within reasonable distance of Buffalo, who wish to arrange for the organization of extension work in their community, are asked to write to Director of Extension, Buffalo State Teachers College, during September, so that wherever demand warrants the organization of extension work, classes may be set up.

Students, not graduates of the former three year course at Buffalo State Teachers College, and seeking a degree from that institution, are cautioned to note this fact: off-campus extension, conducted in centers outside of Buffalo, will not count as *residence work* at Buffalo, towards the residence requirement for the degree. Friday and Saturday classes conducted on campus, in Buffalo, do apply towards residence requirements.
